Student Records Request

BPSS – 153 (11/18)

Section 126.9 of the Regulations of the Commissioner of Education requires that student permanent records shall be maintained in a single file for each student for a period of not less than 20 years after the student completes the program. A New York State school which ceases operation is required to provide for the transfer of these records to another school or to the New York State Education Department. If the school you attended is still in operation, we do not have your records. You must contact that school, even if it has changed location.

Please provide us with all the information requested below in order to make our search of the records as successful as possible. Although we make every effort to retrieve student records of closed schools, some records were never sent, some are incomplete, and some are not yet accessible. We will notify you of the outcome of our search, however please allow six (6) weeks processing time.

<i>Please Type or Print All Information.</i>	
Current Student Name:
